

Novapoint 21.00

- **NP21 is for AutoCAD platforms 2017, 2018, 2019 and 2020**

If you use Trimble Quadri, this version can only be used with Trimble Quadri 3.0 or newer.

Models created with earlier versions of Novapoint, will be converted on opening in NP21 and can *ONLY* be used in NP21, and it will not be possible to open it with earlier versions of Novapoint after conversion.

Novapoint 21.FP4d (released: 20-11-2019)
